Subject: Aerojet Groundwater Sampling Results for Perchlorate

Project Number: 37087 2.3.2

On behalf of Aerojet, HLA is submitting results of groundwater samples collected for perchlorate at monitoring wells on or near the Aerojet property and selected wells on the Azusa Land Reclamation (ALR) property. Groundwater samples were collected by HLA from Aerojet monitoring wells MW-1 through MW-5 on June 17 and 18, 1997. Groundwater samples from ALR monitoring wells MW-1R, MW-3, MW-6, and MW-9 were collected by Geosyntec on May 12 and 13, 1997. All samples were analyzed by WECK Laboratories in the City of Industry, California from June 25 through 30, 1997. Preliminary laboratory results are as follows:

**Perchlorate Groundwater Sampling Results
Aerojet and Selected ALR Wells**
